### Description

Privilège Signature 600

The Privilège Signature 600 is a true luxury bluewater sailing catamaran, tailored around the needs and aspirations of her owner. Representing the natural evolution of the acclaimed Privilège Signature 580, she is more than just a new generation of yacht. She is a thoughtful refinement of an already exceptional design, with every detail carefully reconsidered to enhance the harmony between naval architecture, craftsmanship and the onboard experience.

Building on the legacy of the Signature 580, Privilège Marine has focused on refining its proven strengths rather than reinventing them. Faithful to the shipyard's DNA, the Signature 600 has been conceived as a true owner's yacht for long-distance cruising. She retains the proven platform and offshore capabilities that have established Privilège catamarans as a benchmark in bluewater sailing, while introducing an even more contemporary and refined onboard experience.A Custom Yacht, Crafted Around Your Unique Needs

With the new Signature 600, owners have the opportunity to personalise their yacht to suit their individual lifestyle and requirements. One of the most exciting features is the aft portside guest cabin, which can be transformed into a completely customised space limited only by your imagination.

Rather than a conventional cabin layout, this area becomes a blank canvas for creative possibilities. Whether you envision a private home cinema, a fully equipped gym, a dedicated office, additional storage for extended cruising, an artist's studio or an expansive walk-in wardrobe, the choice is yours.Design the Aft Portside Cabin Around Your Wildest Dreams

With the Signature 600, Privilège Marine takes personalisation to another level, giving owners the freedom to shape their yacht around the way they want to live and cruise.

This remarkable flexibility reflects the Privilège Marine philosophy: every yacht should be as individual as its owner. The result is a truly bespoke cruising catamaran, designed not simply to meet expectations, but to bring your vision of life on the water to reality.
