Description

One of the last Fisher 32's to be built – this 1995 Fisher 32 Pilothouse Motorsailor - is now for sale with DBY Boatsales.

These classic yachts were built for a purpose and only 23 of them were ever built. This 1995 model is a fine example and won't last long on the market at this price. A brand new Volvo with only 2 engine running hours and full warranty has been installed April 2021.

The V berth forward is possibly the largest bed in any 32ft yacht. The head and shower on the port side aft is almost as large. The table in the settee converts nicely to another double.

Near brand new sails including an in mast furler electric hydraulic system for the main. Effortless and endless amount of reefing from the helm.

The galley is very functional with twin metho stove, stainless sink and microwave oven.

The classic pilothouse station keeps the skipper away from the weather and she can also be sailed from the cockpit area by the sturdy tiller.

Solar panels, battery charger, radar, GPS and wind instruments included. Generous tankage for water and fuel gives plenty of long distance range. The brand new 50hp Volvo engine with only 2 hours on the meter since installing April 2021 easily pushes her along at 7 knots plus.

These are head turner boats so act now to inspect and be her new proud owner.

Features

Designer	Whyatt & Freeman
Water (Potable) Capacity (l)	400
Hull Construction Material	GRP
Hull Type	mono
Deck Construction Material	GRP
