## Description

1986 Catalina 36 now for sale with DBY Boat Sales.

Tommy Twas built in 1986, and recently arrived into Australia having sailed 2 handed across from West Coast USA.

She is advertised fully imported tax paid.

Previously she was owned for 14 years by a retired doctor and was meticulously maintained with full logbooks from 2005.

The schedule has been continued with everything serviced and logged as required.

She therefore presents beautifully.

Equipped to a high level to enable safe and trouble free long distance blue water sailing. She is set up for a couple but lots of room to accommodate up to 7 if needed.

Her inventory is extensive, but more importantly it all works with her ready to set sail at a moment's notice anywhere in the world.

It is rare to have this size, fully equipped deep water cruiser become available in Australia in this price category.
