Suburb	NEWPORT	Engine Make	

Description

1986 Catalina 36 now for sale with DBY Boat Sales.

Tommy Twas built in 1986, and recently arrived into Australia having sailed 2 handed across from West Coast USA.

She is advertised fully imported tax paid.

Previously she was owned for 14 years by a retired doctor and was meticulously maintained with full logbooks from 2005.

The schedule has been continued with everything serviced and logged as required.

She therefore presents beautifully.

Equipped to a high level to enable safe and trouble free long distance blue water sailing. She is set up for a couple but lots of room to accommodate up to 7 if needed.

Her inventory is extensive, but more importantly it all works with her ready to set sail at a moment’s notice anywhere in the world.

It is rare to have this size, fully equipped deep water cruiser become available in Australia in this price category.

Features

Designer	Frank Butler
Builder	Catalina Yachts
Water (Potable) Capacity (l)	273L + 50L in jerry cans.
