Condition	Used	State	New South Wales
Suburb	SCOTLAND ISLAND	Engine Make	

Description

Opportunity to purchase a 1994 43ft custom sloop, cutter rigged, cold moulded, diagonal planked, and exclusively for sale with DBY Boatsales.

She is loaded with a very warm and cosy feeling down below, 6 large opening deck hatches make her an airy dry boat with tons of ventilation and additional side opening port light windows for cross flow.

The decks are freshly painted and uncluttered for easy moving around up above whilst tending to sails or anchoring.

The aft cockpit is large and well protected with deep seating and cockpit cushions all around. The area is well covered from the elements overhead and has 3-sided drop-down screens for additional protection and privacy. There is a small fold out cockpit table for al fresco dining.

Downstairs the galley area is large and as nice as at home.

The double bed when you first step down below is the ideal sea berth and keeps you close to the helm area whilst on watch.

The saloon area is large and has a very nice feel about it. Plenty of room to entertain or liveaboard.

The V berth is well forward and private from the rest of the yacht. In between the V berth and the galley is a large enclosed head with instantaneous gas hot water for the shower so you never run out and don't need to run the engine.

The 42hp Westerbeke shaft driven engine sits in an easy to access dedicated sound-proof box just to the side of the galley. With only 1,000 hours showing, the engine is in excellent condition and is remarkably quiet due to the high quality grade sound insulation.

Priced very realistically for a swift sale.

Features

Designer	Paul Buss
Builder	Paul Buss
Water (Potable) Capacity (l)	200
Hull Construction Material	Cold Moulded
Hull Type	Cold moulded mono
Deck Construction Material	Fibreglass over Marine ply with recent non skid deck paint
Country Origin	USA
Length (feet)	43
Length (m)	13.10
Length Waterline (m)	11
Beam/Width (feet)	12.5
Draft (m)	1.9
Draft (feet)	6
Keel/Ballast	Lead keel
Dry Weight (kgs)	12000
