Description

This 1989 Dehler 38 pocket blue water production boat is now for sale.

This vessel has just sailed in from Europe so is fully equipped for serious cruising.

The Dehler 38 is a renowned German design and was a long run production model.

As well as being a very stable design she is quick with an easily driven hull.

She had a major refit in 2012 with nothing left to chance. Set up for short handing with ease of handling and safety a priority.

So this is a unique opportunity to move aboard a boat truly ready to go, at a very affordable price.
