Description

2006 beautiful owner version of this popular production multihull the Dolphin 460.

Having the benefits of lifting centreboards the Dolphin 460 delivers stronger performance than most competitors.

You also have the option of lifting the boards for reduced draft to explore those really shallow areas. This feature is also much safer - being able to lift them up in stormy weather to allow side slip.

She is fully kitted out and optioned for long term, self-sustained live-aboard cruising.

Her interior is beautifully presented, tons of room and lots of light.

Cabins, dining, lounge area and galley, are all very generous making this feel like an apartment on water.

The owner has continually upgraded and maintained the boat in every detail. Rigging was replaced just 2 years ago. Motors have full service history with just 1600 hours each.

Features
