Description

2003 Farr 56 now for sale exclusively with DBY Boat Sales.

We have the pleasure of listing Farrflyer, a very special and sought after 2003 Farr 56 pilothouse.

She is a proven bluewater cruising yacht with great performance and stability.

She is currently lying in Brisbane after an amazing and well documented circumnavigation.

Farrflyer is a limited-edition centre cockpit, cutter rigged sloop. This Farr design is very different and cannot be compared to the many mass-produced production boats available today that are built to a price. Farrflyer had no expense spared on her in all aspects of equipment and design.

She was custom built to order in Sweden in 2003.

Farrflyer is an Australian registered vessel, fully imported and is for sale at a fraction of her original cost.

This is an opportunity to own a beautiful, rare and fast cruising yacht that is turnkey ready to take you anywhere in the world in luxury.

She has proven herself in all conditions. Constructed of single skin solid laminate in the central regions below the waterline for strength and her topsides are in a Divinycell core sandwich for rigidity and light weight.

Farrflyer is equipped to the highest standard and set up for speed, safety, comfort and luxury. Electric winches for hoisting and furling sails coupled with a powerful autopilot ensures she is able to be sailed easily double-handed or even an experienced lone yachtsman.

With a length of nearly 58 feet her relatively light displacement, moderate depth wing keel and Farr's legendary ability to design fast, sea kindly yachts.

So, whether you are a couple or a family Farrflyer has the ability to take you and your family wherever your dreams of sea voyaging might lead.
