Description

Fraser 31 Flybridge SHADRACK exclusively for sale with DBY Boat Sales.

Well built in Western Australia, the Fraser 31 is a proven and capable offshore boat with an excellent reputation as a sea boat. Ideal for offshore fishing and extended day trips, she offers a comfortable and practical layout for cruising and weekends aboard.

The large forward V-berth provides comfortable accommodation for overnight stays, while the spacious aft cockpit comfortably seats four for lunch and offers plenty of room for fishing and entertaining.

The flybridge clears are only three years old, providing excellent visibility and protection from the elements. An electronic anti-fouling system adds further convenience and helps keep maintenance to a minimum.

A solid, well-built Australian cruiser offering the combination of offshore capability, comfortable accommodation and a generous fishing cockpit that makes the Fraser 31 a highly practical boat for coastal cruising and offshore adventures.
