Description

Lagoon 440, this sailing catamaran is a stunning 2008 model in the popular 4 cabin layout.

Exclusively for sale with DBY Boat Sales.

Lagoon 440s are known to be amongst the most popular catamaran ever built, only superseded after 10 years of production by the next generation of the 450. She has been the most successful distance cruiser of all the Lagoon range over the years and for very good reason.

The Lagoon 440 provides ultimate comfort, good performance, as well as proven sea-keeping qualities.

This 4-cabin version is Ocean ready and lying Pittwater, Sydney seeking new owners for her next voyage.

The stability and comfort on the ocean or a rolling anchorage in a catamaran is paramount compared to a monohull.

Plus, the access to shallow and well protected beaches, where dangerous reefs prevent most monohulls to seek shelter, is a huge advantage.

The interior provides amazing volume of accommodation and privacy for owners and guests plus a sensational galley and huge salon, not to mention the seating/dining area on the back deck, largely undercover and protected from the elements.

Casper benefits from a quality Raymarine electronic package with Bluetooth connectivity and AIS plus Starlink internet Wi-Fi ranger-Wi-Fi booster.

There is a Mase 10 KVA generator and a massive solar array charges the Lithium bank of batteries which easily powers everything, including all of the cooking equipment so there is no lpg onboard.

Wired for both 110v and 240v via a Charles ISO transformer. Casper also has a big capacity Watermaker, her rigging was replaced in 2017 and a sail wardrobe of 4 sails around 5 years old.

The 440 is well known for her effortless performance and comfortable ride. This beautiful catamaran is well set up for short-handling and is extremely sought after so won't last long for sale.

Comes complete with all the additional spares, typical of a long range cruising yacht, engine parts, stocked galley ready to use, too much equipment to list.

Fully imported, she is ready to sail away into the Pacific or Cruise Australian waters.

- The current owners have taken time to ensure CASPER is all set and ready-to-go. Just some of the recent service work carried out include:
- Engines and sail drives.
- Cooling water and heat exchangers serviced
- Genset serviced
- Antifoul and propspeed Jan 2026
- New Bimini cover Feb 2026
