Description

Lagoon 560 S2 - Launched in June 2019

This 2019 model Lagoon 560 S2 SAMADHI is superbly well-specified and immaculate, proudly and exclusively offered for sale by DBY Boat Sales.

SAMADHI is laid out as the more popular and sought after owners version and has had just the one owner since new in 2019. Now located in Pittwater, Sydney and available for inspection that won't disappoint even for the fussiest buyer looking for a new boat.

She was the second last Lagoon 560 S2 to be commissioned and was upgraded to be the highest specified Lagoon 560 in this part of the world.

Ordered as the five-cabin version, this layout includes a magnificent owners suite with direct access to the bathing platform and into the water. A VIP cockpit accessed cabin with large island berth and ensuite as well as two large cabins in the bows also with large island berths and private ensuites.

The saloon is impressive with a custom living edge dining table and very cool Brique-coloured suede upholstery across from a large and very well specified galley. The cockpit seamlessly flows from aft of the saloon and was ordered and upgraded with grey plush cockpit cushions, which were also ordered for all alfresco areas in the boat.

The flybridge is large and functional which makes for the perfect area to relax and enjoy the 360 degree commanding views. Accessed by a beautiful timber spiral staircase with horizontal electric closing sliding doors, the entire vessel can be controlled from this space. The visibility forward is fabulous and helped aft by several cameras giving clarity to the stern while docking.

During the buying process, every detail was thoroughly researched and subsequently ordered by her owner to ensure optimal performance, comfort, redundancy and safety for their family journey. Some of the more notable inclusions include:

- a hydraulic tender lift with an easy conversion into a full internal beam beach bathing platform
- upgraded twin 110hp Yanmar diesel powered shaft driven primary engines
- a large Onan 17.5 kva genset able to easily cope running full air conditioning to the entire boat
- a current and complete suite of B&G sailing and navigation instrumentation including FLIR IR/Thermal imaging camera on the mast
- Height increased safety rails and stanchions around entire decks with high quality dyneema netting for family safety

The Incidence Hydranet mainsail sits on a Carbon white Park Avenue boom and her mast was repainted in white in 2022. SAMADHI is also fitted with an Incidence Hydranet furling genoa, a Dacron staysail with running rigging and furler and an Incidence 140m² black Code 0 on a Facnor furler. Plus Wingaker 250m². Its the perfect cruising sail wardrobe.

SAMADHI has been commissioned and upgraded as an extremely luxurious and, most importantly, safe Bluewater cruising catamaran with no expense spared and is now fully imported into Australia, all taxes have been paid.
