Description

1996 Trekka 22 now for sale with DBY Boat Sales.

Laurent Giles designed and built many quality yachts from the 1950's through to 2000. He needs no introduction.

This classic head turner is just under 22 feet long and is the perfect yacht for entry level to boating or to someone that is looking for a seriously capable ocean going vessel but on a tighter budget.

Built by Robert Playdon to strict plans and layout in 1996, she is cold moulded, Honduras Mahogany with dynal sheathed marine ply decking and external layup.

Her Internal fitout is super neat, tidy and bone dry.

Her rigging is just on 10 years and has been lightly used for coastal work in fair winds.

She sleeps 4 and has metho cooking.

Tiller steering.

Genoa is on a Furlex furler plus a storm jib alongside a battened main giving around 200 sqm of sail in total.

There is no easier way to get into a quality seaworthy vessel at this price point.

Safety gear includes, V sheet, life jackets x 4, spares, tools, compass, fire blanket and more. A small GRP dinghy and oars complete the package.

Exclusive to DBY Boatsales. Inspection will impress the enthusiast.
