Description

2008 Leopard 46 now for sale exclusively with DBY Boat Sales.

This popular owner version 3 cabin Leopard 46 is well equipped for comfortable living and extensive cruising in absolute comfort.

The starboard owners hull features a Queen size bed. There is a settee, large wardrobes, office area, plus large head with shower and linen press storage.

The Port hull has a queen size cabin forward and the same aft with separate shower and bathroom area. All mattresses are custom pillowtop. Air-conditioning throughout.

The wonderful and spacious galley has a microwave, 3 burner stove, large fridge freezer. Importantly, good size benchtops including inside/outside serving table.

The lounge area has a large dining room table suitable to seat up to 8 or can be replaced with a custom coffee table for more room at sea.

Lots of large windows and opening hatches make the saloon the go to living area to lounge around and read.

To starboard is the navigation area with all the toys to ensure a safe and fun passage. The obvious of AIS, satellite phone are there, but importantly the wind instruments have a repeater at the table plus autopilot control. This means the boat can be handled in difficult conditions from the navigation station.

The boat features underfloor storage in main cabin - unique to this boat. This compliments the already generous storage throughout.

Outside, the cockpit has removable soft flooring ensuring easy cleaning and non-slip. Full cockpit cushions and an amazing set of clears give full comfort and all-weather protection.

Unique once again to this Leopard are the clears that extend all the way around the upstairs helm station. Total protection when needed.

Important to note on this model there is all around vision from the helm station. She handles very easily under power or sail.

Hard handrails across to the stern on both hulls make the back area very safe. The dinghy stores on substantial davits, and, due to this model's exceptionally high deck clearance, the dinghy is well clear of the water. There is a gas BBQ plus drop-down swim platform.

On deck no expense has been spared. The forward trampoline/sundeck is complete with sunchairs. Great for entertaining.

The sails are in excellent condition plus all of the standing and running rigging have been recently replaced in 2021.

The replaced Yanmar diesels are barely run in.

Set up for easy shorthanding with electric winches, Autopilot with remote and repeater. Headsail on new furling as well as a Gennaker also on a furler.

Set up to be self-sufficient for extensive cruising, she has a large solar array plus a 9KVA diesel generator when needed. 240v shore power plus 110v power supply from gen set.

For water she has an Aquawisp 70 litres per hour Watermaker.

Electronics include a fully integrated Raymarine package including forward sonar, AIS send and receive, satellite phone, multiple chart displays, wind and Autopilot with repeaters plus autopilot remote.

She comes with a full set of detailed instructions and manuals all in in catalogued cupboard to ensure an easy handover at sale.
