STARLIGHT offers the rare combination of large-yacht accommodation, manageable sailing characteristics and genuine cruising capability. Her substantial displacement, generous tankage and spacious accommodation make her particularly attractive to owners looking to cruise for extended periods rather than simply day sail.

Whether your plans involve exploring the Australian coastline, heading offshore or enjoying extended Mediterranean-style cruising, the 56.1 provides a comfortable and capable platform for serious cruising.

Listing Broker's Comment:

A beautifully proportioned cruising yacht with the volume and accommodation of a much larger vessel. The Ocean Star 56.1 is an excellent choice for an owner seeking space, comfort and offshore capability, while retaining the enjoyment and independence that comes with sailing your own yacht.
