Description

As new 1999 Riviera 40 aft cabin now for sale.

This is a stunning 2 cabin example of this amazing design. This configuration is very rare and hard to come by. Owners tend to hang on to them.

Dreamcatcher is in A1 modern presentation. Her owners have maintained her to the highest standards. She is slipped, antifouled, and engines serviced annually. The hull has a full buff and polish twice a year.

Without doubt the main selling feature of this design is the massive aft stateroom. Along with the private ensuite this is truly an apartment on water.

Below she is fully air conditioned with generous lounge, dinette and galley areas. Dreamcatcher's outdoor spaces and flybridge are well protected and comfortable in all weather with covers and clears in all areas.

Her equipment list is extensive and listed below. Most important is that the equipment has been constantly upgraded to ensure the highest level of performance, reliability and comfort.

The bridge is fitted with state of the art twin Hybrid touch multifunctional displays. Very impressive and fun to use.

The engine room will astound. Just wonderfully presented. Truly showroom level with great lighting, access and spotless.

She is powered by 2 upgraded low hour Cummins 375hp diesels that will push her along up to 27 knots.

For ease of shorthanded operation, everything has been specified to make the job easier and safer including a new dinghy crane, Bowthruster and a well set up anchoring system.

Dreamcatcher is an amazing boat and ready for her next adventure.
