Description

1980 Santana 28 now for sale exclusively with DBY Boat Sales.

Santana 28's don't come any tidier than this one.

The 2018 Beta 14hp diesel is shaft driven and has a PPS dripless seal. It was recently serviced in April 2022, shows 100 hours on the meter and presents like new.

The accommodation can sleep 6 in total. A V berth forward, drop down settee table creates another double and there is 2 aft pilot berths.

The inline galley is very neat with a near new Smev 2 burner stove, pressurised cold water to the sink and ample pantry storage areas plus bench space. The upholstery is all in very good condition as is the entire yacht.

All equipment onboard is being sold with the yacht so there is nothing to spend, just simply turn the key and go sailing.

New antifoul is scheduled for May 2022 which could be an ideal opportunity to see her out of the water at no expense or arrange a survey.

An inspection will not disappoint.
