Description

This 1995 Triton 24 without doubt, the best one we have ever seen, is now for sale. It is possibly the last one launched and has been fastidiously maintained by its current owners.

There is a new fresh water cooled Volvo diesel which has only done 77 hours. She has a bimini over the cockpit for family cruising comfort and she is beautifully fitted out below with 6 berths and all the extras to make staying on board a delight.

Just antifouled and top sides polished in July 2014, she is ready to sail away without having to spend a cent.

There are cheaper Triton 24s on the market that are 12 to 17 years older with old motors or outboards and to bring them up to this standard would cost in excess of \$20,000.

An ideal first yacht for family outings or club racing.
