Description

2013 Van De Stadt 34 now for sale with DBY Boat Sales.

A very well equipped and comfortable offshore yacht from a highly respected designer.

Built strongly in steel in Australia, the Van de Stadt 34 has very good sailing characteristics and is known for its excellent sea behaviour and sailing characteristics.

Spirit of Biscayhas a simple and functional fit-out by an experienced offshore sailor. The hull and deck are lined to the waterline with closed-cell foam sheet insulation, Armaflex, that reduces temperature variations and the boat is snug and quiet.

There is accommodation for two in a private aft double bunk, two settee berths in the main cabin and a v-berth forward.

The galley has a Force 10 marine gas stove and oven and an Isotherm refrigerator system. The toilet is an electric Jabsco with a holding tank. The full-sized navigation table has a Raymarine GPS/chart plotter and Icom VHF radio. Safety equipment includes a GME EPIRP with GPS.

Sail management is via Lewmar winches and clutches. The main sheet track is the width of the cockpit for full control and lazy jacks are fitted. The genoa is on a Harken furler and the cars are adjusted remotely. The halyard and reefing lines come back to the cockpit.

Steering is managed by a Raymarine Evolution auto pilot with a remote sensor and electronic compass display and there is also an Aries wind vane. There are two sets of ground tackle, including approximately 100 metres of chain for coral reef cruising, and a Lewmar electric windlass.

Spirit of Biscayis well set up for safe and comfortable short-handed sailing. Proven on a single-handed sail from Port Douglas to Sydney!

Features

Designer	Van de Stadt
Water (Potable) Capacity (l)	180
Hull Construction Material	Steel
Hull Type	Mono
Deck Construction Material	Steel
Country Origin	Australia
Length (feet)	34
Length (m)	10.25
Length Waterline (m)	8.00
