Description

This near new 2009 Vancouver 34 has arrived , with her original owner sailing from England single handed.

Meticulously maintained, she has only been used for 2 years since new .

She has been fully imported into Australia with all taxes paid.

Good cruising yachts are born of experience and not fashion and that is certainly the case with the Vancouver 34. The Vancouver 34 is a classic offshore cruiser.

Production built with only the best of materials, this design is now proven and popular with over 250 British built Vancouvers cruising worldwide.

The interior is designed for long periods at sea, with good sea berths and a comfortably furnished saloon for relaxation when in harbour. Heating: Diesel heater. The galley is compact and there is a large oilskin locker conveniently adjacent to the companionway. Ample storage all around including generous hanging lockers. Cockpit is generous with outside table.

The huge chart table has loads of space for all instrumentation and there are purpose made stowage areas for pilot books and charts.

The Vancouver 34 is a genuine heavy displacement yacht with full keel for a beautiful motion. Perfectly balanced in any wind, making it easy for the helmsman, she is surprisingly fast under sail, making the Vancouver 34 the perfect choice for serious cruising.
