## Description

1997 Wellcraft 45 now for sale exclusively with DBY Boat Sales.

This Wellcraft 45 Excalibur built by Riviera in 1997 was a classic model and still has sporty looks and sun loving features. The 45 Excalibur struck a balance between luxury and performance in a big sport cruiser.

Constructed on a solid fiberglass hull, her slender 11ft 8inch beam is similar to those of most European express yachts of her day.

The Excalibur's cockpit arrangement has elevated helm position, a full wet bar to port, and a U-shaped lounge/sun pad aft, perfect for entertaining aboard. Under the sun pad is a large storage well, and the entire aft section of the cockpit floor lifts electrically for access to the Mercruiser 425hp engines.

Below deck, the salon of the Excalibur's midcabin interior is dominated by a richly upholstered settee opposite the portside galley.

Both sleeping areas are separated from the salon with privacy doors. Additional features include a separate stall shower in the head, cockpit boarding steps, anchor windlass, radar arch, transom door, forward sun pad, trim tabs, fresh/raw-water washdowns, and a concealed swim ladder. Cockpit upholstery has been recently replaced in pure white.

Twin big-block 425hp petrol sterndrive engines cruise the Wellcraft 45 Excalibur at 28 knots and reach a top speed in the low 40s. She is a slender high performance bluewater powerboat and equally at home in the quiet anchorages spending time with up to 14 guests.

An October 2021 survey is available upon request.
